Jessie Rutland Owner Of Mystery Farm Number 30

The family living at Mystery Farm Home Number 30 is represented over a wide area of the

church history.

Walter E. Singley is to be employed for some weeks at Grand Isle, La.

Sunday callers in the home of the Rev. and Mrs. W. C. M. Baggett were Mrs. Everett Bond, Ado Bond and Harris Kendrick, all of Oloh, and Mrs. C. M. Broadwater and Mrs. J. D. Ramey. Deborah, small daughter of the Baggetts, has been quite ill this week but is seemingly on the road to recovery.

country. This is the Jesse Rutland family. The Rutlands live about nine miles from Columbia on the Williamsburg road, Route 3. Box 211.

Mr. and Mrs. Jesse Rutland were married May 23, 1930. She was Miss Jessie Belle Stewart. They have two daughters, Ruth and Charlene.

Ruth is now Mrs. Tommy Kendrick. They have a place near Hub. Mr. Kendrick is in the meat market at the Nickle Store in Columbia. Their boy, Jerry Prine, started school at Hub this year and according to his grandmother, he is

enjoying school, though he is having his little problems.

Charlene married Milford James and they live at Lead, South Dakota and have two children, Charlotte Lynn, two years old, and Mary Jean who is five months old.

Mr. James works in the Home Stake gold mine and spends a lot of time underground. Mrs. Rutland says they have had a snow there and probably won't see the ground again for some time.

Mrs. Rutland says she is working in a large store in New Orleans and did not see the picture in the paper. When she came home for the weekend Mrs. Herbert Lillis showed her the picture of her home. Previously, other members of the family had identified this home.

Mrs. Rutland works in the dress department of the store in New Orleans. At one time she says she worked on the stationery counter in a store in Tampa and sold over 800 fountain pens one Saturday.

She worked at Reliance about eighteen years, but had to quit for an operation. She says she made more money there than as a saleslady, but that it takes quite a while to get all of your strength back after something like that.

The Rutland farm has about 52 acres in it with nearly 40 in cultivation. Mr. Rutland is farming it all this year himself with two mules. His nephew is helping him pick his cotton, and it looks like there will be close to eight bales.

The Rutlands bought this farm and moved to it about the time of the Pearl Harbor attack. Mrs. Rut-
