MYSTERY FARM HOME NUMBER 104 is one of a series of aerial photographs of beautiful Marion county farm homes being run in The Columbian-Progress and Sunday Mirror newspapers. The original, mounted photograph will be given to the owner of this mystery Farm Home when it is identified, and \$25 will be given the person correctly identifying the highest number of Mystery Farm Homes in the series. Mail or phone your identification to the Columbia Publishing Company office on Second street in Columbia. Readers' identification of these farms is the only method of naming them, as the aerial photographers did not know the identity of the farm when they made the picture.
